NOTICE

The Final Approval Hearing to consider the settlement agreement is scheduled for June 30, 2020 at 10:00 a.m. The courthouse is currently closed to visitors due to the COVID-19 pandemic under Phase One of the phased recovery process. Although the court may begin Phase Two of its reopening plan before the date of this hearing, only limited in-court proceedings will be able to resume and the courthouse and courtrooms are likely to be inadequate to conduct all proceedings that are scheduled as of the date of the hearing. Accordingly, proceedings that can be conducted adequately via video teleconference are using the zoomgov.com platform.

No objections to the proposed settlement have been filed, and counsel have submitted a comprehensive motion seeking approval. Thus, the court proposes to conduct the Final Approval Hearing via video teleconference. Unless a party objects by June 19, 2020, the hearing will be placed on the court calendar for video

teleconference. Instructions for counsel will be emailed, and instructions for members of the public who want to observe will be available on the court calendar.
